Tesla's New FSD Referral Deal

Free guide to video #9 · how Tesla's referral program works now: what your friend gets, what you get, how to send your link, and the catches.

WHAT THIS GUIDE COVERS

What changed · what your friend gets · how to send your link · what you get · up to 12 a year · the catches · it's still supervised · a quick checklist.

1 What changed

- In the U.S., referring someone to **buy a Tesla no longer earns rewards**.
- Referrals are now all about **Full Self-Driving (Supervised)**.

2 What your friend gets

Send your link to a **Tesla owner** and they get **one month of FSD (Supervised), free**, as a trial.

3 How to send your link

- Open the **Tesla app** (version **4.62.0 or newer**).
- Tap the **menu** in the top right corner.
- Tap **Refer and Earn**, then **Share Your Link**.
- Text it to a friend. Done.

4 What you get

When your friend **starts paying for FSD**:

- If you **subscribe** to FSD: **one free month**.
- If you **bought FSD outright**: a **$99 Tesla Credit** instead.

5 Up to 12 a year

You can earn up to **12 rewards per calendar year**. For a subscriber, that is a **full year of FSD, free**.

6 The catches

- You must **pay for FSD now**: a subscription or an outright purchase (a free one-year grant does not count).
- Your friend must **own a Tesla** and **not have paid for FSD in the last 12 months**.
- **U.S. only** for now.

7 It's still supervised

FSD (Supervised) means **you are still the driver**. Hands ready, eyes on the road.

8 Quick checklist

- [ ] Update the Tesla app to 4.62.0 or newer.
- [ ] Menu, then Refer and Earn, then Share Your Link.
- [ ] Send it to a Tesla owner who has not paid for FSD in 12 months.
- [ ] Your reward comes when they start paying for FSD.
- [ ] Up to 12 rewards a year. U.S. only.
- [ ] Stay alert: you are still the driver.
